

Special Bulletins

A temporary booster force, composed of Congressional Club members, has been stationed in the halls to handle traffic for the first few days.

Periods are one hour long, with lunch periods 50 minutes long. There are seven periods a day, with three minutes between them for passing to classes.

Permanent hall passes can be acquired through Vice President Bill Lister.

Home room period will be from 8 to 8:15 for the first week. After

that it will come between second and third periods.

The bookstore will be open from 8 to 8:30 and from 12:10 to 12:30, and during the first week it will be open all day.

Social studies short courses will be organized again this year with emphasis on students not taking social studies in regular class.

Two new courses are being offered this year. Mrs. Ruth Shacha will teach Latin America and Mrs. Mathilda Bishop will teach American problems.

Coach Gloomy Over Turnout For Practice

Red-White Drill Twice Daily, Prep for John Hay Clash Sept. 29, 3:30

By Warren Glauber

The 1941 football fortunes of Shaker High will rest on the shoulders of 50-odd candidates who started practice on the 27th of August. The workouts consist largely of a stiff program of calisthenics and drill on the fundamentals of tackling and blocking.

Clearly, the outlook is rather discouraging and Coach Pederson is most disappointed with the irregular attendance, saying, "Practice hasn't really started although I called it a week ago." Coach Pederson figured on nine potential starters, but few of those have even been suited. Many have been absent due to summer jobs and vacations, others, namely, Charles King and Bill Lister, are benched by injury.

Besides King and Lister there are six other letter men returning from last year including Jim Speaker, Vincent Marotta, Jack Foley, Ted Goldstein, Ralph Kovanda, and Ed Loomis.

The team as a whole is light but speedy. It's not how big they are but how tough. Can these undersized campaigners make up in speed and headwork what they lack in poundage?

It won't take long to find out whether or not these boys can do the job. The Raiders start action against John Hay on September 19 on the home gridiron.

Only four lettermen are returning for the Hay Bookkeepers this season. They are Bernie Bogden, Art Hays, Bill Demore, and Miland Bricevech. None of the above veterans are backfield men and that leaves Coach Hall with an entirely new group; but the Hay eleven is always full of dangerous action.

I. C. C. Will Sponsor 5 Dances for Year

Though still a comparative newcomer to Shaker, the Inter-Club Council has already planned a full size program for the year. The club representatives met last Wednesday and discussed a schedule of activities for the group's second year. Committees were also formed at the meeting.

Biggest news on the I. C. C. calendar is the announcement of five dances. The first of these is to be on Friday, September 26, on the eve of the Ashtabula Harbor game. Each affair will be featured by an orchestra, and arrangements are being made for the serving of sandwiches and soft drinks.

Fryer Has Lead At Cain Park; Walton Directs

At the Cain Park Theater this summer, Robert Fryer, dramatic and English teacher at Shaker, played the romantic lead in "Divorcons," which starred Marta Abba, famous European actress. Playing before capacity crowds Mr. Fryer received great praise from Cleveland newspapers and from those who saw the performance. Unfortunately, Mr. Fryer, taking a well-earned vacation, could not be reached for comment.

Also at Cain Park was Spanish instructor William Walton. For "Abie's Irish Rose," in which alumna June Harney had the lead, Mr. Walton was assistant director and stage manager and for "Divorcons" he was assistant stage manager. About Marta Abba, star of "Divorcons," Mr. Walton said, "She is certainly a marvelous actress."

Not only did Mr. Walton direct at Cain Park; he also took part in some of their plays. He played in "Macbeth" and also in "Knickerbocker Holiday."

During the summer, he taught classes in the mornings and became well acquainted with such well-known people of the theater as Bernard Szold, now dialogue director for Marlene Dietrich, and Sydney Spaeth of the Kalamazoo Little Theater.

"Coming back to school," said Mr. Walton, "will be a rest for me after Cain Park."

Paper Taken By New Eds

In the days before national defense when Rosenblum's made suits from tin instead of broadcloth and the Golden Dragon was a fierce monster and not a Chinese restaurant, town criers would shout the news from the market place. Today, there's the *Shakerite*.

Jim Wattenmaker is editor-in-chief. A 12B, Jim is a member of the Open Forum and Rostrum Clubs, the tennis team, and secretary of the Inter-Club Council. At Roxboro Elementary School, Jim was business manager of the *Roxboro Rocket*. He was the Shaker representative to the Western Reserve Extemporaneous Speech Contest and is interested in public speaking, public relations, and advertising. A milk shake fiend, it is his ambition to travel and to take an airplane ride.

Kay Mayers is associate editor. She's also a 12B, a member of the new-curriculum group. Her laugh is well-known at Shaker, and her ability to hit a mean tennis ball. Living in Shaker Heights all of her seventeen years, she was copy editor of her Sussex Elementary

Budget Drive Starts Next Week; Council Officers Sure of Success

Here's Shaker Power—Hay!

Left to right: Ed Loomis, Ted Goldstein, Ralph Kovanda. — Photo by Alan Cohen

Shaker Spends Summer Working

To Overcome Labor Shortage Made by U. S. Defense Efforts

Haven't you been able to sleep overtime this summer, Shakerites? Has your suntan not tanned during these three months? Have you held a job?

Dick Free, Bob Good, Bronson Freeman, and Bob Thobaben drove cars at the Terminal Garage "Wrecking fenders," they say.

The associate editor of the *Shakerite*, Kay Mayers, and the president of the Inter-Club Council, Doris Emerson, found out where Barbara Hutton gets her income. Both of them worked at Woolworth stores. Kay was cashier and office girl in the office of the Woolworth store at 13th and Euclid. "I've never met so many different kinds of people," Kay laughed. Doris was sales girl at Woolworth's at Lee and Kinsman. "Let's call it Barbara Hutton's Gift Shoppe; that sounds so much better," Doris said.

To China War Relief, Winne Smith, Patty Dickey, Ellie Kemp-smith, and Eleanor Warren gave their aid. Jean Fielding and Mary Helen Patterson are two of the many Shakerites who worked at the Cleveland hospitals this vacation. They rolled bandages for St. Luke's Hospital.

Cutting lawns was the source of income for George Sternad and Bob Johnson. Tom Paisley turned farmer and raised pigs and beets and tomatoes. Marian Boykin worked in her father's office.

Four Shakerites Speak For Community Fund

Representing Shaker at the Parmadale Orphanage for the first of a series of Community Fund speakers' tours last Wednesday were Ed Loomis, Marilyn Murphy, Bernelda Brennan, and Alyn Benson.

The program is sponsored by the Women's Committee of the fund, which annually prepares speakers in the schools of Greater Cleveland for the Community Fund drive.

Each student must visit at least three agencies sponsored by the Community Fund, prepare a five-minute talk, have it checked by the Women's Committee, and then be prepared to deliver the speech at any time.

Betty Sue McFarland combined business with pleasure during her summer at Ruggles Beach, working part time waiting on tables. Judy Clauss went on Higbee's payroll, Doug Abbott was stock boy at one of the downtown F. W. Woolworth stores.

Three Shakerites were drafted, but not by army camps. The Spurney brothers, Jack and Bob, were cabin boys at Ray (Nick) Nicholson's camp in Michigan. President Chuck King spent the summer in Mantoulin, Ontario as counsellor at Richard (Tappy) Tappenden's camp.

On a half scholarship, Jim Wattenmaker, *Shakerite* editor-in-chief, spent part of the summer at Northwestern University in Evanston, Illinois, at the National High School Institute, Journalism Division. When he returned to

(Continued on Page 3)

Rood to Teach Math; Miss Jahn Returns

The only addition to the Shaker faculty for this term is Alvin Rood, who will teach applied mathematics. Mr. Rood comes from Batavia, New York, where he taught math and science at Batavia High School from 1938 to 1941.

He attended Hobart College in Geneva, New York, for two years, before going to the University of Chicago, in 1936, from which he received his B. S. During the past year, Mr. Rood has been doing graduate work at the university toward his M. S. He is married and has a child eleven months old.

Returning as regular members of the faculty are Robert Fryer, English and dramatics teacher, William Walton, Spanish instructor, and Wesley Segner, who teaches art. Miss Gertrude Jahn, who was ill last year, will also return to teach German.

Mrs. Norma Seigler, formerly Miss Norma Chessin, will again be assistant librarian. Fred Kendall, who is lecturing at Western Reserve University, Miss Agnes McCracken, due to poor health, Mrs. Alice Mesnick, and Mrs. Irma Levine are not returning to Shaker.

Wrestling Matches Included in Book; 750 Goal Set as Pep Rally Sparks New Drive

One sure way for loyal Shakerites to overcome the "Higher Costs of Living" which are plaguing everyone at the moment seems to be purchasing a budget book. Although prices of most commodities have gone sky-high, the Budget Book, according to Uncle Bus Thrallkill, still retails for the same low price of \$3.50, with extra values this year in addition.

The actual Budget Book campaign will be held the first four days of next week—Monday through Thursday and will be preceded by a week of intense publicity. The year's first pep rally on Friday, September 12, will give final impetus to the drive.

King Sees Goal Reached

Student Council President Chuck King confidently predicted that, "Shaker will easily surpass the new goal of 750 books which we have set for ourselves. The books will be sold through homeroom representatives as usual," he added.

The purpose of the Budget Book is to aid harassed students in balancing personal finances by incorporating several school activities under one heading at a great reduction in the total cost.

Wrestling Added to Book

This year the saving amounts to well over 100 per cent. Six football games, nine basketball games, for the first time nine wrestling matches, 14 issues of the *Shakerite*, assembly and class dues and the spring play are all included in the price of the Budget Book.

L. R. Thrallkill, director of the drives for the past several years, said, "The Budget Book has proved its worth, and stands as one of the best examples of Shaker's spirit of co-operation. Personally, I can't see how anyone can afford to pass up as great a saving as the Budget Book offers."

Sophs Get Preview Of Life at Shaker In Class Meeting

So that the new Shakerites may more easily become accustomed to the rules and way of life in Shaker High school, a special 10B meeting was held last Friday, September 5, conducted by Chuck King.

At the meeting, the new students were instructed as to the rules of the Booster Force, informed about their homeroom teachers, and supplied with information about the clubs which they are eligible to join. There in the small auditorium the students met Principal R. B. Patin and the deans, M. E. Miller and Louise Hollon.

This meeting was significant in one respect. This is the first time that the new 10B's were taken on an escorted tour of the high school halls to acquaint them with the whereabouts of their homerooms and classes before school actually started.

Keep the Sheet Clean

MANY have felt the precise beauty of a cleanly written white sheet of paper. There is much satisfaction to be gained in doing a clean piece of writing, and now we all have the opportunity before us.

There is a complete school year ahead. We have had no chance to make blots or smears. There has been no occasion to cross something out and try to re-write it. There are only the days as the paper, the opportunities as the ink, and we are the writers.

Fortunately we have much to guide our hand. The faculty is always by us, and some of us have had two years experience. We shall miss the help of last year's seniors, but must do our best to fulfill and improve their record.

There are many ways to make a fine manuscript. A zest for work, the acceptance of criticism and advice, enthusiasm for the job, the knowledge of how long to pause for recreation and rest, and stick-to-it-iveness, are all qualities needed to turn out a job with satisfaction.

Let's make this year's paper the best of them all. Let's turn out a record we can be proud to use as an example of Shaker's ability. Let's do a good job!

The Extra Drive

FOR two weeks now, the Shaker High football squad has been laboring in the hot August sun. Tedious limbering-up exercises, elementary drills and plays, and actual games have all gone into the process of making this year's team bigger and better than ever.

So we too, must be bigger and better than ever. We've got to give this year's team all the enthusiasm and pep we can muster up.

In past years, the Shaker High team has not shown up as well as it might in the final score. But neither has the Shaker High student body. Pep assemblies fall flat, spectator crowds are small at the games, and then the students criticize their poor team. Naturally the team won't play their best if they don't have the assurance of the entire student body.

Let's get behind the team this year and give them some spirit. Coach Pederson and the boys are working hard and our confidence will give them that extra push and drive that means championship football.

Fun for Your Money

ATTENTION all bargain hunters! With the return to school and the beginning of another term comes the Budget Book sale, one of the biggest and best bargains of the year.

The Budget Book is one of those something for nothing propositions that are really sound investments. For \$3.50, you can buy a book of activity tickets worth almost three times as much, which will entitle you to witness all the football and basketball games, wrestling matches, and the Spring play, and to receive every issue of our bi-monthly school newspaper, the Shakerite.

And what would our school be without these intermural games and student-run newspaper? The money which you pay to see and receive them is used to support them so that Shaker will not be lacking in extra-curricular activities. This money also helps to sponsor some of the individual class affairs such as dances.

The former Shaker students already know what a bargain the Budget Book is, and it will not take the new class long to find out. So start saving now in order to buy your Budget Book for the 1941-42 season.

Cycle

We sat together
Close
And talked about
Life
And the wonder of it.

The painful miracle of
Birth
The breathtaking fragrance of a
Baby
The exuberant joy of
Growth
The lusty cravings of
Youth
The passion to be and
Create

We sat together
Close
And felt the finality of
Death
And the wonder of it.

Ether

I feel so aloof
So cold
So distant
From the world.

There is nothing close
Nothing warm
Nothing near
To help me

All is now alien
Now foreign
Now strange
In my mind

I feel only want
Only crave
Only desire
For some life

I am just dreaming
Just sleeping
Just imagining
There is no reality

Variety

One of the newest and best films to come out of Hollywood is one that has been screened twice before. It is Metro-Goldwyn-Mayer studio's version of *Dr. Jekyll and Mr. Hyde* by Robert Louis Stevenson.

The first time the story was filmed was in 1921 when John Barrymore played it in the silent movies. Frederic March took the role in sound in 1932. Its story has also been enacted on the stage, first by Richard Mansfield in 1887, who played the role for twenty years, and he was followed in 1911 by Henry B. Irving.

This newest movie portrayal is handled quite differently than the two previous ones. Stevenson's story is changed slightly, giving Dr. Jekyll reasons for his change of character. In this version he is using himself to prove his theory of split personality, and then the story follows its usual pattern.

Spencer Tracy is the newest Jekyll and Hyde and he turns in a superb performance. He depends very little on make-up to become Mr. Hyde, in fact his only facial changes are a slight bulging of the eyes, thickened chin, bushy eyebrows, twisted lips, and a horrible laugh. The change is not frightening and it makes the story more believable.

The finest acting in the film, I believe, is done by Ingrid Bergman. She plays the part of the barmaid to perfection. Lana Turner as the doctor's fiancée is fine. She is very beautiful and appealing and does a good job.

Other notable work is done by C. Aubrey Smith, Donald Crisp, Ian Hunter, Barton MacLane, and Peter Godfrey.

The film is directed by Victor Fleming, who also did *Gone With the Wind*.

George

By Marilyn Sheperd

George is a very clever child. George will tell you so, and George's mother will tell you so.

George follows me home every day. First a little behind, then at my side (looking up at my face until I wonder if I have my teeth), and then he will run ahead. Perhaps he will skip, or jump, or dance. Or my greatest treat, he will turn circles. And I follow hopefully, wishing he would twirl down the sewer. But George has great powers of balance.

George is not a pretty child. He wears glasses, has big ears, a small nose, and buck teeth. One cannot resist him when he smiles into your face.

George is a very bright student. He is a favorite of his teachers. He does his homework, and gets good report cards. He also carries three books home from school every night.

But George is also spoiled. He gets a larger allowance than anyone else, and he can stay up later at night, but he goes to bed early because he knows it is good for his health. He also likes milk because it gives him sound teeth. When George grows older he will never smoke or drink or chew.

Here comes George down the street now. I think I'll bash George's buck teeth in.

The Spirit of '41

By Chuck King

Welcome back to our greater Shaker! I don't need to ask you if you had a good time, because I know you did. I know you caught the biggest fish you ever saw, and went out with the most handsome man this side of the equator. After these and more experiences, you should be ready to enjoy one of the greatest experiences of your school life.

We'll try together to give Shaker a more peppy atmosphere and the mightiest spirit of them all. It will take work, but we'll work until we make every cog vibrate with energy. We'll have our open houses, colorful dances, and pep assemblies in our stadium.

According to the boys on the football team, who've been sweating blood for two weeks, we are going to have one of our most successful football seasons. While we are on the subject of football, do you girls know that Coach Pederson is married? This will remove some after-school conversation among the feminine population.

One of our biggest jobs confronts us immediately. It is not a tough job, but still it takes pushing to shove our budget campaign over the top. The usual events ought to remove all doubt as to the budget's value. For those in doubt, the wrestling matches, recently added to the budget, ought to convince all of the rest. We're bound to succeed in this endeavor as we have in years past.

Shaker Songs Alma Mater

Let our voices loudly ringing, echo
far and near.

Songs of praise thy children singing
to thy mem'ry dear.

Alma Mater, Alma Mater.

Tender, fair, and true.

Grateful sons with love unfailing

All their vows renew.

Years may dim our recollection; time
its change may bring.

Still thy name in fond affection,
Shaker High, we sing

(Repeat chorus)

Shaker Fight Song

By Marilyn Jones

Oh, onward fight to victory.

We'll win the game today.

The boys are fighting for our school;
Let's give a shout "hooray" fight,

fight!

With spirit bright we can't lose out,

It carries us to fame.

We know not of the word defeat,

For Shaker is the name.

Shaker High Victory March

Cheer, cheer for old Shaker High, let
all the echos ring to the sky.

Shaker High is out to win, fightin'
and fightin' to the end.

What though the odds be great or
small, old Shaker High will

carry the ball.

While we march in triumph straight

way onward to victory!

Two measures rest. Yea team!

Two measures rest. Whose team?

Two measures rest. Our team!

We want a touchdown. Hear 'em

sing.

We want a touchdown, that's the

thing!

Just let some great big bruiser,

husky and tall,

Carry the ball, in no time at all

We'll have a touchdown.

When it's all over, let us hear you

make some noise!

S-H-A-K-E-R—Rah!

Let's have a touchdown, boys!

One measure rest. Fight, fight!

One measure rest. Fight, fight!

One measure rest. Fight, fight!

One measure rest. Fight, fight!

One measure rest. Fight, fight!

One measure rest. Fight, fight!

One measure rest. Fight, fight!

We want a touchdown. Hear them

sing.

We want a touchdown, that's the

thing.

Just let some great big bruiser,

husky and tall,

Carry the ball, in no time at all

We'll have a touchdown.

When it's all over, let us hear you

make some noise!

S-H-A-K-E-R—Rah!

Let's have a touchdown, boys!

.....

Shaker High School

Shaker High school, you're the right
school, finest in the land.

You will have our love as long as

Shaker High will stand.

Hail the red and white, our colors,

proudly let them fly;

May we all be worthy of our Shaker

High.

Shaker High school, you're the right

school, and you'll always be.

Pluck and honor in fair play will

bring you victory.

All our teachers are the wisest; these

we can't pass by.

All together now, let's cheer for

Shaker High.

All together now, let's cheer for

Shaker High.

This Is Your Guide to Shaker High School---Keep It!

Student Government

Student Council

The Student Council is maintained to give the students of Shaker High a chance to participate in self-government. The council is composed of a representative elected from each homeroom at the beginning of the school year.

The officers of the council are president, vice-president, secretary, treasurer, and business manager. The first three are elected in the spring by the student body for a term of one year, beginning the following September. The treasurer and business manager are appointed at the same time.

The main functions of the council are the operation of the booster force, noon movies, budget, Miriam Stage Scholarship Fund drive, Student Court, and the Lost and Found.

Student Court

The Student Court is a unit of the Student Council. It is a consulting body of three senior judges and two junior associates elected by the council, which deals with those cases recommended by the deans and also with those students who have shown the wrong attitude toward the school. All cases are discussed in privacy.

The Student Court will back up the Booster Force by dealing with students who have repeatedly disobeyed the boosters.

Booster Force

At the beginning of the school year certain student students are selected to enforce the hall regulations. These comprise the Booster Force which is on duty every period of the day. The vice-president of the council heads the force and appoints captains to take charge of the force during the different periods.

Study Hall

There are two types of study halls, the honor, which is student governed, and regular, which is teacher supervised. The honor study halls are directed by a group of six students, known as the Central Committee. This committee selects student advisers for each period who perform the routine duties such as taking attendance, giving permits to leave the room, and helping maintain a quiet study period.

Every incoming student is assigned for the first six weeks to the regular study hall in 101. He then has the opportunity of signing the honor study hall pledge, and if it is endorsed by his study hall and home-

room teachers, he is admitted to honor study hall. Room 206 is for those due daily and the cafeteria for those due irregularly.

When a student becomes a member of the honor study hall, he is given the privilege of using the library without the customary permit from a teacher. He must, however, sign the slip at the library desk, designating his study hall so that he will not be marked absent from it.

If a student uses his study hall period to make up work or assist a teacher, the yellow pass showing where he is that period is due in the study hall at the beginning of the period.

If a student has violated the regulations expected of all honor study hall pupils, the Central Committee counsels with him, and if necessary assigns him permanently to 101.

The committee arranges to hear the student's side of the argument as well as the study hall adviser's side.

Inter-Club Council

The Inter-Club Council was organized last year "to promote better social activities and understanding among the students, and to uphold the influence and further the social interests of Shaker High." The council governs the activities of the clubs, and is composed of one representative from each group. It has sponsored school dances and organized sports activities among the various clubs.

Finances

Budget

The purpose of the Student Council Budget is to ease the student's financial burden by including many of his school expenses in one budget book and offering this budget book for sale at a price which is several dollars lower than the total cost of all the activities included.

This year in a new two semester budget, these activities will be included:

1. Fifteen issues of the *Shakerite*.
2. Assembly fee.
3. Spring play.
4. Dues for class activities.
5. Athletic contests (including football, basketball, and wrestling games at home and away).

This is a value of almost \$10.00 offered for only \$3.50, a savings of well over 100 per cent. So that everyone can afford to take advantage of the budget, it may be purchased in three installments. The

first is \$1.50, and the next two one dollar each.

Student Fund

For the benefit of all the organizations of the school, the council maintains a Student Fund. Each organization has an account with the fund. The fund, of which the council treasurer is the director, deposits all money in one account at a local bank. It is audited at regular intervals and presents monthly statements to all organizations.

Student Activities

Assemblies

The Student Council presents a varied program of assemblies, both professional and student, averaging about two a month. The student body shows its appreciation of the assembly program by entering the auditorium quietly and being courteous in its conduct and applause. Each homeroom sits in its assigned seats.

School Annual

The *Gristmill* is edited annually by the senior class. Published in book form, it serves as a permanent record of the outstanding events of the year, supplemented by pictures of the various classes and activities.

All positions on the *Gristmill* are held by senior class members. The activity is not open to the student body, for positions on the staff are appointed by the senior English teachers.

School Paper

The *Shakerite* is published bi-monthly by a staff which is selected by tryouts. There are no limitations to staff membership beyond the student's ability and interest. The paper offers an excellent opportunity to all those interested in journalism.

Public Address System

All necessary announcements are broadcast to the school each morning over the public address system. The public address staff is composed of two groups—those who read the morning bulletins and those who act as engineers in charge of the technical control. Publicity skits for school functions are also performed over the "PA." The announcers are chosen by tryout at the first of the year.

Cafeteria

The cafeteria is open for student use. Excellent food can be purchased for a reasonable cost. In order to accommodate comfortably a large group of students, it is imperative that strict regulations be observed.

- (1) Do not run through the halls

when your room is dismissed for lunch.

- (2) Stand in line to await your turn to select food. Don't crowd and create commotion.

- (3) Make up your mind from reading the menu what you want before you approach the serving tables. Have your money ready so you will not cause delay at the cashier's desk.

- (4) Be quiet and avoid gathering in cliques in the cafeteria. Dignified behavior is expected of everyone. When you have finished lunch, take your tray to the dish washing window in the hall north of the cafeteria.

Library

The library, a branch of the Cuyahoga County Library, is open daily from 8:30 to 5:00, except on Saturdays, when it is open from 9:00 to 12:00.

Students from study hall 101 may use the library during the study period if they have work necessitating the use of the library. In that case they must get a permit written in ink from the subject teacher, marked plainly with the room number where they are due. These permits must be turned in at the library by the students themselves before the tardy bell. In case of tardiness, the pupils will be admitted only when their permits show the time of dismissal by the detaining teacher.

Honor study hall students and members of the Library Club may use the library without permits. However, they must register at the desk at the beginning of the period.

Any student may use the library during his lunch period, but there must be no talking or disorderly conduct. It is for the convenience of the students and teachers, and the privilege of using it should be respected.

Hall Regulations

Traffic Laws

Our building is organized so that the halls should never be crowded. In passing from class to class, the students are expected to move quickly and quietly through the halls and not to loiter. The following are the traffic regulations: the stairs at the library are for "up" traffic from the first to the third floors only. The small auditorium stairs are for "down" traffic from the third floor only. Students going either up or down between the first and second floors must use either the cafeteria or large auditorium stairs which have two-way traffic. Co-operation with the boosters is essential during the passing of classes, for the crowd-

ing of students on the stairs and in the halls delays pupils and prevents their reaching classes on time.

Hall Passes

The permanent hall passes permit the holder to pass through the halls without being stopped. Two are issued to each room, and additional ones are given those students who can show they have a definite need for them. Students may secure them from their deans.

Elevator Permits

The elevator, which is near the library, is for the use of those who are physically handicapped. In order to use it, a student must have a permit from the dean to obtain a key from the office. Those granted this privilege are forbidden to take other students on the elevator with them.

Lockers

At the beginning of the term lockers are assigned to the pupils by the homeroom teacher. They are placed near the homeroom and the student is expected to keep his school supplies and costs in that particular locker. Only one locker is allowed and it should be kept locked with a good lock at all times.

Lost and Found

The Lost and Found is situated in the Student Council office. When one finds an article he should immediately hand it in. There is a student in charge every period to receive these things, and to see that the claimant gets his article if it has been returned.

Fire Drill

Fire drills are held unexpectedly at various times during the year. The purpose is to acquaint the student with the proper method of leaving the building in time of danger and should be observed in a serious manner. Concise directions are posted on the bulletin board in each room.

Requirements

Credits

Eighteen units are required for high school graduation, four and one-half of which should be earned in the ninth grade. A unit is credit for a subject requiring a year's work, as algebra and history. Half units in those subjects are not accepted for graduation; that is, geometry 11B receives no credit unless geometry 11A is completed. Half units are accepted, however, in subjects such as physical geography and commercial law which are completed at the end of a semester. If a foreign language is elected; it must be carried two (See Other Side)

As Shaker Worked

(Continued From Page 1)

Cleveland, he was a stock boy at Taylor's.

The P. O. C. Brewery hired Dick White, Jack Weber, and Jack Taylor, but only to handle the crates of beer. At Republic Steel Corporation, Darden Whitney worked in the metallurgy laboratory.

To prove that all of the Shaker High enrollment didn't hold jobs during June, July, and August, here are some outstanding vacationers. Bob Sherratt went to California, as did Nancy Schuyler. Marge Estes went to Texas, and Bert Wintner and Bob Kohn drove over 8000 miles through the West and Southwest.

Shaker Heights High School---Spirit of '41

full years to receive credit. Music courses, a cappella, band, and glee club, receive only one-half unit credit for a year's work.

The required subjects for all students for graduation are English, three years (two in senior high), mathematics, one year; social studies, two years, one of which must be American history; science, one year; physical education, four years. (1 year is given one-half unit credit).

Physical education is required of every student two times a week.

Report Cards

Detailed reports are issued at the end of the first twelve weeks of each semester. In these reports work habits, social adjustment, and achievement are evaluated. At the end of the semester cards are again issued in which the students' semester work is graded as follows: A—excellent, B—good, C—fair, D—poor, and E—failure. A student must receive C in order to be recommended for college.

Unsatisfactory Work Report

At any time that work is unsatisfactory, slips are sent out to the parents of students whose work is not up to standard, as a warning that they will receive a failing grade unless the quality of their work is improved.

College Requirements

College entrance requirements are so diverse that each high school student's program should be made in consultation with the dean, to make certain that college admission requirements are satisfied. There are many college catalogues available in the offices of the deans. These should be consulted.

Extra Subjects

The normal load of each student is four subjects. If the student has good reason for taking five subjects he must consult his dean for permission to carry the extra subject.

Change of Schedule

Any change in a student's schedule is made only with the help and permission of the dean or the principal.

Regulations

Deans

Girls
Miss Hollon, 216
Boys
Mr. Miller, 204

The deans help and advise the students in meeting their individual problems and needs. They welcome conferences with the students. Matters of discipline are also handled by the deans.

The deans select students to work in their offices each period. It is their duty to take care of the offices in the deans' absence, answer telephone calls, greet callers, and gather

and record the absence and tardy slips.

Leaving Building

Students who wish to leave school should present requests written by the parent stating reason and time to the dean. In case of sudden illness at school, the student obtains permission from his dean to leave the building.

Absence and Tardiness

Immediately upon returning to school after an absence, a student must bring to his dean a written excuse from home stating the date and exact reason for the absence. Excuses for absences from single classes must be secured from the deans.

If a student is tardy to school, he must report to his dean. If he is late to a class without an excuse, he automatically receives an eighth period.

Intramural Sports

Boys

So that all students may participate in athletics we have a program of intramural sports for both boys and girls. Under the direction of Mr. Moritz, the boys organize teams by homerooms and gym classes and have round robin or elimination tournaments in football, volleyball, basketball, baseball, badminton, etc. Also tournaments are held at various times during the year in tennis, ping-pong, archery, and track. These intramural sports are played at the end of the school day according to the sport season.

Girls

Intramural athletics for girls consists of an all-year-round program. Hockey, basketball, volleyball, bowling, and baseball are played in season. Riding, skating, fencing, badminton, golf, and tennis are individual sports offered during the school year. Points are awarded at the end of each season and are accumulated from year to year. Girls who show interest, good sportsmanship, continuous participation, and athletic ability may at the end of two or three years receive the Shaker "S". Play days with other schools add interest to the social part of the sports program.

Music, Dramatics

A Cappella

The A Cappella Choir is the largest musical organization in the school. Membership is by tryout. The choir presents several concerts each year, including the annual program of Christmas carols. Each year an operetta is given and the proceeds are turned over to the school fund.

Glee Clubs

Both the Boys' and Girls' Glee Clubs are new organizations. These

two groups were founded to give those who like to sing the opportunity to do so. The clubs sing all types of songs for the members' own pleasure.

Band

The band offers a chance for expression in instrumental music. It meets daily during a regular class period.

During the year the band takes an active part in many school events such as parades, football games, pep rallies, and at other times when spirit and color are needed. In addition it presents an assembly and two evening concerts each year.

Although the band is a class yielding one-half credit per year, it is organized as a club for the purpose of awards which are the music letter and pin. These are made on the basis of excellence, musical interest, and service to the group.

Music Appreciation

This year Mr. Ellis conducts a study of music as it has evolved since 390 A. D. By attending concerts and recitals, the class will derive more from its study of Bach, Beethoven, Brahms, Mozart, Schubert, many American composers, and the beginning of jazz.

Drama and Theatre

All dramatic efforts at Shaker are the work of the Drama and Theatre class. The class meets daily, and the students are given training in both acting and technical work. Two major productions were presented last year by the group, and in addition it sponsored a play festival to which it invited several suburban schools.

Athletics

Competition

Shaker is a member of the Lake Erie League. Other schools in the league are Shaw, Heights, Lorain, Elyria, and Lakewood. Competition within the league is held in basketball, football, tennis, track, swimming, wrestling, fencing, and shooting. Shaker's B-squads, as well as the regular varsity teams, compete in basketball and football.

Eligibility

Eligibility is governed by the rules of the Ohio High School Athletic Association. It is required that anyone trying out for a team must undergo a physical examination. He must also have passed three subjects in the semester previous to his tryout in order to be eligible.

Clubs

To organize a club, a student must secure the names of fifteen students and one teacher, as sponsor, on a club-forming petition obtainable in the council office. The council charters all clubs and at the beginning of the school year sponsors a "Know-

your-club-week" at which time each club is given a chance to publicize itself over the public address system. Below is a list of the clubs which functioned last year.

Archery Club

The Archery Club meets twice a week in good weather to advance interest in archery.

Boots and Saddle Club

During the spring and fall girls interested in riding go to Aintree Hunt Club. The group is divided into beginning, intermediate, and advanced riders, and instruction is provided as needed by the academy. Each member must ride at least five times during the season.

Boys' and Girls' Bowling Clubs

The Boys' Bowling Club has the challenge system for membership and is divided into four teams which play for the championship. The Girls' Bowling Club gives its members a chance to improve their bowling.

Camera Club

Frequent field trips provide Camera Club members with the opportunity of photographing unusual subjects. Displays are held which enable the members to criticize their own technique.

Congressional Club

The Congressional Club meets to discuss plans to promote school activities and means whereby the club can be of service to the school. Some of its services have included planning pep assemblies, ushering at various activities, and sponsoring dances for the students. Membership is invitational and is based upon extent of participation in school activities, on scholarship, and on character.

Esperanto Club

The new international language is the reason behind the Esperanto Club. Members of this club read and correspond in Esperanto, and are led in discussion by a student instructor.

Fencing Club

The program of the Fencing Club consists of drills, practices, and the learning of the correct theory of fencing. The seven top fencers in the club compose the varsity fencing team.

Girls' Leaders Club

The Girls' Leaders Club is an athletic organization which promotes good sportsmanship, sponsors intramural sports, and handles all after-school athletics. The girls hold playdays with other schools and plan sports parties for themselves.

Miriam Stage League

The motto of the Miriam Stage League is "Service to the community, to the school, and to the individual." The league carries out its motto by aiding poor families with Thanksgiv-

ing and Christmas baskets, by helping at evening P. T. A. meetings, and by sponsoring talks on personal problems.

Open Forum Club

The Open Forum Club conducts weekly discussions among its members on problems of current interest. These discussions take the form of debates and panels, followed by question periods and give training in public speaking.

Radio Club

Students can further their interest in amateur radio operating through the Radio Club. The boys in the club have contacted other "hams" in all sections of the country via their radio sets.

Rifle Club

Members of the Rifle Club improve their target shooting by competitive matches and long practice. The five best marksmen in the club comprise the varsity Rifle Team which competes with other schools.

Rostrum Club

The Rostrum Club specializes in training for extempore speaking. Shaker's representative in the Lake Erie League Extempore Speech Contest is chosen from among its members.

S. F. A. A.

Pupils with musical ability are given opportunity for recitals in the S. F. A. A. Meetings are held at the homes of the members after school. Membership is by tryout.

Scribblers League

The Scribblers spend their school meetings reading and discussing their own work. Outside speakers, including many famous authors, are invited to their Sunday meetings. Membership is invitational.

Science Club

The Science Club becomes acquainted with current events in the world of science and vocational aspects of science through lectures, movies, discussions, and field trips. Membership is based on outstanding work in science.

Sharks Club

The Sharks Club offers great opportunity to girls who are expert swimmers. The Sharks teach swimming after school and hold an annual water pageant.

Slide Rule Club

Shaker's mathematicians find the slide rule a great convenience in solving involved problems. The club learns the fundamental operations of the slide rule and then makes practical applications of its use.

Travel Club

The Travel Club meets so that Shaker students may have a better understanding of other nations. Various guest speakers give talks and show movies or slides.

5 Dances for I. C. C.

(Continued from Page 1)

The new officers of the I. C. C. had been elected at the last spring meeting. They are Doris Emerson, general chairman; Jim Wattenmaker, secretary; and Bill Lister, treasurer.

According to the terms of the new resolution restricting rushing, clubs will begin rushing Thursday, September 4, and end Thursday, October 2. The new regulations provide for the balancing of the rusher's choice for clubs and the club's preference for members. However, the organizations still have final say concerning whom they shall make junior members.

Shakerite Editors

(Continued from Page 1)

School paper and on the editorial board of the junior high *Scroll*. Steak and chocolate cake are her ideas of almost heaven and she wants to be a writer. Kay is a dean's assistant and belongs to Scribblers, Girls' Leaders, Travel, and Miriam Stage.

The other associate editor is 12A Grant Goodman. "I like steak and everything chocolate," says Grant, "and I dislike peas." He wants to enter Princeton when he graduates from Shaker. While attending Fernway Elementary School, he was editor-in-chief of the *Fernway*

Star, and he belongs to the Esperanto Club at Shaker.

This year's literary editor is Betty Golden. Another new-curriculum member in the 12B, Betty graduated from Lomond Elementary School and Shaker Junior High and wants to go to Wellesley. Her pet likes are de luxe Chrysler convertibles, Bette Davis and watching planes come in. She is a member of the I. C. C., the Girls' Bowling Club, Travel Club, and Scribblers.
